

FAIR USE IS FAIR PLAY

You may know Harvey Mason Jr. as the award-winning songwriter and producer for superstars like Beyonce, Justin Timberlake and Britney Spears. But you may not know that Harvey buys all the software he uses to help create his magic. Harvey believes in fair play and works exclusively with legal software.

Respect yourself, your craft, and the work of others. Buy the software you use, and buy the music you love.

The International Music Software Trade Association is a non-profit organization that represents the interests of music software and soundware publishers. One of our most important functions is to advocate for the legal use of software in the music production and creation landscape. We do this primarily through public education campaigns. We are supported by our members who are software and soundware developers, distributors, retailers & publications. We are challenging piracy on moral grounds appealing to the good in all of us. We are trying to change behavior.
